Pre-commitment

* indicates a required field

Sustainability Incentives Scheme Application Form 26/27

The City of Adelaide may approve an incentive before the eligible work has been completed. However, the incentive will only be paid once all Scheme requirements have been met.

A successful pre-commitment reserves funding for up to three months (or another period agreed to in writing by the City of Adelaide). This gives applicants greater certainty while they obtain approvals and arrange the work to be completed.

Pre-commitments are valid for three (3) months from the approval date. If you need more time, you can request an extension by showing that your project is progressing. **It is your responsibility to contact the City of Adelaide before your pre-commitment expires to request an extension.**

Pre-commitments are **required** for Whole Building Approach - Bundled Incentives

Pre-commitments are **optional and available** for all other incentives.

Are you seeking a pre-commitment? *

☐ Yes

☐ No

Bundled Incentives - Whole Building Approach

A pre-commitment is mandatory for the incentive *Bundled Incentives - Whole Building Approach*.

Development Approval

*** indicates a required field**

Development Approval

Development Approval may be required if your project involves:

- Works on a **State Heritage, Local Heritage, or Historic Area Overlay** property
- Installations **visible from the street** or that **add significant weight or height** to a building
- Installation of **New Piping** or other **property modifications**
- Installation of a **Solar PV System**

Does your proposed project require Development Approval (DA)? *

☐ Yes - Development Approval is required and has been obtained

☐ No - Development Approval is not required

☐ I'm not sure - I will contact the Development Assessment team before applying

Please contact our Development Assessment Staff on 8203 7185 to discuss your project and determine if approval is required.
